

67. There are 100 gumballs in a machine:
30 red
25 yellow
20 green
15 white
10 blue

What is the probability of getting a **green** gumball from the machine?

A) $\frac{1}{10}$

B) $\frac{3}{20}$

C) $\frac{1}{5}$

D) $\frac{1}{4}$
