Nurse's Day!

News from the Tracy Health Room

Tracy Elementary School Walk-a-Thon

Math and Literacy Night

Math and Literacy Night at Tracy Elementary School was an absolute success! Students participated in math and literacy related activities throughout the night. Thank you to all attendees and teachers for making the night one to remember!

Author Visit: David Schwartz

With a wealth of visuals, David led grade 1 through grade 4 on an exciting journey that combined math, science, writing and books. The students and teachers were thrilled by his unique approach!

its journey. We talked about how real quilts are made and what people put on quilts. One of the mom's of a student in Mrs. Werley's

Class and another student in Mrs. Salzarulo's class is a quilter.

Mrs. Werley and Mrs. Salzarulo decided to get both classes together and have each student in each of the classes make their own quilts.

Check out some pictures of the classes working together on the quilts!

Mrs. Werley's 2nd grade news

Mrs. Werley's Second Grade class read *The Quilt Story* By Tony Johnston. This story talked about a homemade quilt and

Johnston. This story talked about a homemade quilt and

Gym Goodies

36 Third and Fourth graders will represent Tracy Elementary School in the Easton Area School District Track and Field Meet on Thursday May 26th at Easton Area High School. Girls and Boys will compete against athletes from the other six elementary schools in Easton in running, jumping, throwing, and relay events. The rain date is Friday May 27th.

Spectators are welcome to attend!

New England Region Fun in 3rd Grade!

Mrs. Ferraro's class completed a study of the New England Region. While learning what a region is, students created edible maps with Miss Halpin, our student teacher from Moravian College.

Students also designed posters about specific states using the Glogster website for making posters. Both activities were fun ways to learn about this beautiful region. Now we are on to learning about the Mid-Atlantic region!

**Tracy Elementary School
wishes you a safe and
healthy summer!**
